I. Introduction

1. The previous recommendations made by the Fifth Committee to the General Assembly under item 113 appear in the report of the Committee contained in document A/53/485.

2. The Fifth Committee resumed its consideration of the item at its 3rd to 6th, 15th, 25th, 26th, 28th, 33rd and 37th to 45th meetings, on 2, 6, 7, 12, and 29 October, 12, 13, 16, 23 and 30 November and 1, 4, 7, 8, 10, and 14–16 December 1998. Statements and observations made in the course of the Committee's consideration of the item are reflected in the relevant summary records (A/C.5/53/SR.3–6, 15, 25, 26, 28, 33 and 37–45).

3. In accordance with the criteria for use of the contingency fund annexed to General Assembly resolution 42/211 of 21 December 1987, the Committee, at its 45th meeting, on 16 December, considered a consolidated statement of all programme budget implications and revised estimates that were subject to the criteria for the use of the contingency fund. The consolidated amount fell within the available balance of the contingency fund. The Committee therefore proceeded to approve the required amounts under the relevant sections of the programme budget.

4. Section II of the present report provides a summary of the recommendations of the Fifth Committee during the fifty-third session of the General Assembly on the revised estimates submitted by the Secretary-General and on the programme budget implications of resolutions adopted by the Assembly, either on the recommendation of its Main Committees or in respect of items considered in plenary meeting.

5. Section III of the present report provides a summary of the special subjects considered by the Fifth Committee that led to the adoption of specific decisions to be recommended to the General Assembly.

6. The recommendations of the Fifth Committee are contained in section IV of the present report.

II. Programme budget for the biennium 1998–1999

7. In its resolution 52/221 A and B of 22 December 1997, the General Assembly approved budget appropriations for the biennium 1998–1999 in the amount of $2,532,331,200 and income estimates in the amount of $363,840,300.

8. Recommendations of the Fifth Committee during the current session of the General Assembly on revised estimates submitted by the Secretary-General, as well as on the programme budget implications of resolutions adopted by the Assembly under items considered by other Main Committees or in respect of items considered in plenary, have resulted in a net decrease in the approved level of appropriations in the amount of $5,627,700 and a net reduction in the approved income estimates in the amount of $1,150,700.

9. The revised estimates of expenditure and income approved by the Fifth Committee and the financial implications of resolutions recommended by other Main Committees and subsequently by the General Assembly are indicated, by expenditure and income section, below:

IV

First performance report

The General Assembly,

Having considered the first performance report of the Secretary-General on the programme budget for the biennium 1998–1999[3] and the related report of the Advisory Committee on Administrative and Budgetary Questions,[4]

1. *Reaffirms* the budgetary process as approved in its resolution 41/213 of 19 December 1986 and as reaffirmed in subsequent resolutions;

2. *Reaffirms also* its resolution 52/220 of 22 December 1997;

3. *Takes note* of the first performance report of the Secretary-General on the programme budget for the biennium 1998–1999[1] and the related report of the Advisory Committee on Administrative and Budgetary Questions;[2]

4. *Reaffirms* the requirement of all Member States to fulfil their financial obligations as set out in the Charter of the United Nations promptly and in full and without imposing conditions;

5. *Recognizes* the detrimental effect of the withholding of assessed contributions on the administrative and financial functioning of the United Nations;

6. *Approves* a net decrease of 48,200,900 dollars in the appropriations approved for the biennium 1998–1999, and a net decrease of 4,552,500 dollars in the estimates of income for the biennium 1998–1999, to be apportioned among expenditure and income sections as indicated in the report of the Secretary-General;

7. *Expresses concern* about the fact that a number of sections of the programme budget continue to reflect high levels of vacancy, which could have an impact on the full implementation of the programmes and activities mandated by the General Assembly;

8. *Reiterates* that the vacancy rate is a tool for budgetary calculations and should not be used to achieve budgetary savings;

9. *Reiterates* that a high vacancy rate hampers the delivery of mandated programmes and activities and stresses that deliberate management decisions to keep a certain number of posts vacant makes the budget process less transparent and the management of staff resources more difficult;

10. *Reaffirms* that only the General Assembly has the authority to establish and abolish posts in the regular budget;

11. *Requests* the Secretary-General to immediately intensify recruitment efforts, in order to reduce the number of vacancies, particularly in those areas where there are high vacancy rates;

12. *Decides* that the vacancy rate for posts in the Professional and higher categories should not be more than 5 per cent at the end of the biennium 1998–1999 and, in this context, requests the Secretary-General to take all the necessary steps to achieve this objective;

---

[3] A/53/693.

14. *Decides* that the President of the General Assembly, consistent with the approved programme budget, should have full authority to use the funds provided in the budget for the Office, including hospitality and travel and any other requirements for the accomplishment of the official responsibilities;

15. *Takes note* that paragraphs 74 to 80 of its resolution 52/220 defined the procedures to be followed in the proposed programme budget in dealing with activities related to country special rapporteurs whose mandates had expired in 1997 and, as a consequence, there were no individual mandates for their inclusion in the proposed programme budget for the biennium 1998–1999;

16. *Reaffirms* that, in accordance with the provisions of paragraph 79 of its resolution 52/220, no funds directly related to these non-mandated activities could be committed to them pending the consideration of the report on the relationship between the treatment of perennial activities and the use of the contingency fund, as requested in paragraph 78 of its resolution 52/220;

17. *Regrets* that the provisions of the decision contained in paragraph 79 of resolution 52/220 were not implemented, since the required report was not considered before 1998 activities related to country special rapporteurs were implemented;

18. *Requests* the Secretary-General to improve the presentation of the budget performance reports by separately reflecting the impact of average vacancy rates in changes related to salaries and common staff costs for each budget section;

19. *Also requests* the Secretary-General to provide an explanation when average vacancy rates are higher than the level approved by the General Assembly;

20. *Reiterates* the need for the Secretary-General to ensure that resources are utilized strictly for the purposes approved by the General Assembly;

21. *Regrets* the tendency towards excessive use of consultants, in particular in areas where in-house expertise is available, and requests the Secretary-General to resort in future to the use of consultants only when in-house expertise is not available and in accordance with the existing rules and regulations and relevant resolutions;

22. *Reaffirms* that changes in mandated programmes and activities are the prerogative of the General Assembly;
